***DICOM Deutschland AG Appoints Pegasus Disk Technologies, Inc. as
Premier Partner for Storage Management Solutions***

San Ramon, CA – 3, March 2003. Pegasus announced today that DICOM Deutschland AG has appointed Pegasus as the premier storage management solutions for its integrators and resellers. This will expand the potential market for Pegasus' InveStore archive management software in Europe by increased exposure within the DICOM customer base.

DICOM Deutschland AG offers a full range of storage management technologies and solutions from well-established manufacturers. The company's primary customer base is comprised of Value Added Resellers (VARs) and integrators who develop and implement digital imaging and archiving solutions into vertical markets such as data archive, medial imaging, and other image capture markets.

DICOM Deutschland AG is constantly looking to provide more comprehensive solutions for its partners by embracing leading storage offerings. As the need to manage and archive large amounts of data continues to increase, DICOM Deutschland AG made the decision to expand its partnership with Pegasus to further enhance its offerings in order to provide its customers with a complete archiving solutions encompassing data capture, management and storage.

"We wanted to partner with a corporation that shares in our overall dedication to excellence in providing data storage solutions to our customers," said Frank Moschner, Product Manager, Data Storage of DICOM Deutschland AG. "By having a strategic partnership with Pegasus Disk Technologies, Inc. we are better able to serve our customer's needs for secondary storage management solutions."

Roy Slicker, President and CEO of Pegasus states, "We are very pleased to have had a long standing relationship with the DICOM organization, and we also regard DICOM as our premier distributor not only for Germany but world wide as well. DICOM Deutschland AG has a strong presence selling storage solutions in the Windows market place, and this compliments Pegasus' product line, which is available for Windows NT, 2000, and XP. This strategic partnership between the two companies will enhance the presence of Pegasus and increase the market opportunities for InveStore."

About DICOM Deutschland AG

DICOM Group plc ("DICOM Group") is the global leader in the Electronic Document Capture ("EDC") market, a fast growing segment of the Office Automation industry. EDC improves the performance of many business applications such as document and content management and converts non-digital and digital documents into structured data streams. Its implementation allows substantial increases in office efficiency and offers high returns on investment.

DICOM Deutschland AG based in Freiburg i. Br. is the German subsidiary of DICOM Group, which operates today with more than 800 employees in 25 countries. DICOM Deutschland AG, www.dicom.de, was founded 1993, operates today with 75 employees and has further offices in Berlin, Hamburg, Mülheim/Ruhr and München.

DICOM Group plc has been quoted at the London Stock Exchange since 1996 and on the "Geregeltten Markt" in Frankfurt. It achieved turnover of 149,5 Mio. GBP (2000/2001: 140,3 Mio. GBP) in the financial year ended 30 June 2002.
